Happy Valentine's Day!

How many of you know that Saint Valentine was a 3rd century Roman Saint commemorated in Christianity on February 14? His Saints' day has been associated with a tradition of courtly love. There are many legends that surround Saint Valentine. The English poet, Geoffrey Chaucer, was the first to record St. Valentine's Day as a day of romantic celebration in his 1375 poem. Americans probably began exchanging handmade Valentines in the early 1700's. Today more than 145 million Valentine's Day cards are sent each year, second largest card-sending holiday of the year. (Hallmark is very happy about that!)

Spread the love to friends and family during this time of staying at home. We may not be able to physically visit with friends and family, but we are able to call, Skype or Zoom with them. How about our neighbors? Do something special for them. Check on them by phone or make a valentine card and drop it off at their house. It's just a little something to let your neighbors know that someone is thinking about them during this time of staying at home.

This is my Valentine's greeting to you!

*Valentines of pink and red,  
 Special words of kindness said.  
 Small surprises, funny jokes,  
 Paper hearts and friendly notes.  
 The best part of this happy day, is that I get the  
 chance to say,  
 Today and for the whole year too,  
 I am glad I have quilter friends like You!*

Quilt and paper heart made by Barb Saporito.

## 2020 UFO Challenge – Susan Congdon

**Between the names put into the drawing at our February and March meetings and the people who emailed me, we had 19 quilters who said they had completed or made significant progress on their UFO's! Well done! Barb Saporito and Carolyn Gibbons reported 10 projects done and Wanda Payne reported an amazing 15!**

**I put all the names into a random generator and three people will receive a \$10 gift card to Southern Fabrics. The winners are:**

**Rota Krape  
Betty Yates  
Barb Saporito**

**I will get those into the mail to you. Congratulations! We have no formal challenge for 2021 but keep working on those UFO's so you can make room for new projects.**

From Marolyn:

"Here is news about a virtual seminar with Ricky Tims. Several people from our guild went to a workshop with him in Charlotte a number of years ago and also had a lecture by him through QSC. I highly recommend his classes."

### TESTIMONIAL:

*I have been lucky enough to have taken the previous incarnation to your Quilt Luminarium. As a musician, I've been lucky enough to study with some world class musicians. I only say this to preface this: when I took your workshop, it was one of the best learning experiences I have ever had in any discipline. Ricky, you are a world-class teacher, artist and quilter! It is a privilege to study with you. Thank you so much for who you are and what you teach!*
